

LOCAL AND PERSONAL

SUNRISE EASTER SERVICE AT METHODIST CHURCH.

The interest is still growing in the services of the revival at the Methodist Church. Words of appreciation have come from all angles. There seems to be a great appreciation on the part of many for those fundamental gospel truths upon which the Christian Church has been founded. The time has come when the Church must get back the fundamental things in Christian living and experience. It is a recognized fact that there are those who do not want to face up to their religious responsibility. This is only in keeping with the words of The Book, "The time will come when they will not endure sound doctrine." But there are those who are really hungering for the words of life.

If there ever was a time when we needed to come to think on the wonderful truth of God's words it is now. In the midst of a world of unrest and turmoil, do we not need to look to some source out of which we find something that will stabilize things and help to meet the many complexing problems that we are facing? The revitalizing power of Him whose resurrection we are coming to commemorate, will help to solve every problem of our day. If you have been staying out of these services do so no longer but come that you may receive that which your soul needs to meet every emergency of life. Fall in line with the movement "Back to the Church."

May this Easter time be a period of spiritual uplift to you, a time when you come to see yourself in the light of the Gospel of Jesus, and to give yourself over completely to Him, really put Him first in your life. These days of all days should be given to worship and communion. As we come to think of "passion week," it brings afresh to us the price Jesus paid for the atonement of our sins, that we might be saved. No individual can afford to lightly esteem these days. Attend the remaining services of the revival.

Subject Friday night: "It is Finished, Jesus Obedient Unto Death." Saturday night: "The Gloom, Jesus in the Grave, Midnight." Sunday morning sunrise: "The Resurrection" Sacrament.

Sunday morning 11 o'clock: "The Triumphant Christ." Sunday night: "The Second Coming of Jesus: How Will It be With You?" Everyone is solicited to attend these remaining services.

Thirty-one years ago today the managing editor of this paper bought his way into the newspaper business with the purchase of The Anvil at Castroville. During this almost a third of a century the paper has skipped just one issue—and has always regretted that! They have been busy years—with never a waking moment entirely dissociated from the business—but they have been happy years, years of independence, running his business his own way and never going hungry—yet! Now is the time to subscribe!

During Holy Week and extending to Easter Sunday, the Mexican congregation of the local Catholic church is holding a Mission, with Rev. Father Gerardo Mongeau, O. M. I., of San Antonio conducting the services. Large crowds have been in attendance at both day and night mission services.

BAPTIST NEWS NOTES

On next Sunday, April 5, the regular Bible school, commonly called Sunday school, will be held, beginning promptly at 10 o'clock, Mr. McDowell, Superintendent. It is hoped and earnestly desired that we shall have a record attendance on this occasion, for Bible study. Let every person now enrolled make it a point to be present. Also, bring your friends. Let us make our religion the first business. Then, at 11 sermon on the Resurrection of our divine Lord. You will want to hear this. It will quicken your faith, inspire your hopes and rejoice your heart. Let those who have been bereaved come and find comfort and strength.

Again let all remember that here at the Baptist church there will begin, on the 19th of April, a series of special meetings, commonly called revival meetings. Keep this in mind and begin now to make your arrangements to attend. Everything will be given calculated to entertain, inspire and instruct you in the things of God and the soul. Do not forget the date, April 19, two weeks from next Sunday.

The Baptists have enjoyed their fellowship with our Methodist friends, in their meeting. The Pastor, Bro. Lancaster, is a fine spirit, earnest and honest. We greatly enjoy him. He, with his splendid people, will be with us, and they will find a hearty welcome. May our Father be pleased to richly bless his people at Hondo, and enrich our fellowship in Christ. Remember, the really poor man is the one who has low ideals, who is content with a guilty conscience, who has questionable morals, who is selfish or cruel, who has a disagreeable disposition, who allows the cares of this world to crowd out the cultivation of the spiritual life, who has lost touch with his church, whose worldliness has broken his fellowship with Christ. Let all Hondo close its stores on next Sunday and go to church.

Second person to use a plane in reaching Marlin within a week, Mrs. J. L. Thompson landed at the airport Wednesday afternoon from San Antonio, where the machine, piloted by her husband, was met by an ambulance in which she was taken to a hospital.

Earlier in the week, Mrs. F. E. Ransom of Texon had arrived in Marlin, after making the trip to the Waco airport in a plane, also piloted by her husband.

The above clipping was taken from The Daily Democrat, published at Marlin, Texas. Mrs. J. L. Thompson is the daughter of Mr. and Mrs. C. W. Gilliam, and will be remembered as Miss Panchita Gilliam. Friends of Mrs. Thompson will regret to hear of her illness, and wish for her a speedy recovery at the health resort.

HONDO LEADS IN COUNTY MEET.

In the Medina County Interscholastic League Meet, held in Hondo last Friday and Saturday, March 27 and 28, the Hondo Independent School came out as County champions over several contesting schools of the County. In the high school division they led with 237½ points to Devine's 170 and Yancey's 157 points.

Hondo also led with 152½ points for the ward schools, Yancey running a close second with 142½ points. Devine was not entered in this class.

For the Rural schools division, Shook school won over all opponents with a wide margin, giving it the rural championship for the county. An official report of the winners and events will be ready for publication in next week's issue of this paper.

EASTER CANTATA.

"The First Easter," a musical cantata under the direction of Mr. Ed Armstrong, will be given at the High School auditorium Sunday evening, April 5th, at 6:30 o'clock. The music will be furnished by Mr. Armstrong's music pupils and those who have attended programs presented on former occasions under the same auspices need no further assurance that a treat is in store for all who love a concord of sweet sounds.

There will be no admission charges and the public generally is extended a cordial invitation to attend. Let our community musicians be encouraged by a large attendance.

W. M. S.

The W. M. S. of the Baptist church met in a Royal Service program Thursday afternoon with Mesdames Henry Crow and W. T. Crow at the home of the latter. The subject lesson was "Our Forgotten Americans." After a Bible study by Mrs. Jim Fusselman, interesting discussions on the lesson were given by Mesdames Merrill, Jack Fusselman, Cass Jones, Cureton, Dillon, Andrew Schuehle, Nuel Wools and Miss Fanny Carle. Others present were Mesdames Hyatt, Meister, Bedell, Mulcahy, Jim Fusselman and the hostesses.

PRE-EASTER SALE.

We take pleasure in calling the especial attention of our readers to the advertisement of the Green Tag Store appearing on the fifth page of this paper.

Mr. James is showing a selection of spring goods that for variety and quality would do credit to any city store, and because of lower overhead, can offer them at prices not to be beaten anywhere.

Come to Hondo to do your spring shopping—and do not fail to visit the Green Tag Store.

You write letters occasionally why not use printed stationery? We will furnish you a box of 200 note sheets and 100 envelopes, all neatly printed with your name and address for only \$1.00. You can't beat it and let us fix you up, or mail a dollar bill and we will mail them to you post paid anywhere within the radius of this paper's circulation. Address The Fletcher Davis' Print Shop, Hondo, Texas.

Miss Hilda Mangold was shopping in Hondo Wednesday and paid our office a pleasant call. Miss Hilda said the cold weather had done no material damage, either to crops or live stock in the Tarpley section.

SHALL WE BE JOINED TO NEW NEIGHBORS?

The redistricting measure taking Medina County out of the 15th district as now attached to counties west and south of us and hanging us on to the 20th district at its extreme southern extremity, has passed the House and will be acted upon soon in the Senate.

In the absence of any protest we will doubtless be left, hanging like a stone-bruise on a nigger's heel, to a district with which we have little in common and have never, heretofore, been affiliated for Congressional purposes.

A private letter from Mr. P. Jungman, now in Austin, suggests that opposition to the transfer to another district should be organized, and prompt action might cause the senate to change the measure so that Medina may remain in Judge Garner's district.

THURSDAY BRIDGE CLUB.

Mrs. Earl Starnes was hostess to the Thursday Bridge Club, with a delightful party, Thursday afternoon. Three tables of bridge were arranged.

High club prize, a lace table runner, was won by Mrs. O. B. Taylor, and low prize, an aluminum saucepan, was won by Mrs. W. H. Smith. Mrs. Otis Schuehle was presented a box of stationery for guest prize.

An appetizing plate lunch was served, consisting of molded salad, chicken sandwiches, saltines, cake topped with whipped cream and coffee.

Those present were Mesdames O. B. Taylor, W. H. Smith, H. J. Meyer, Horace Bradley, L. E. Heath, John Finger, Roger Starnes, Charles Monkhouse, Otis Schuehle and Miss Bess Brucks.

A NEW DISTRICT JUDGE.

Following the resignation of L. J. Brucks on March 28 as Judge of the 38th Judicial District, Governor Sterling appointed Judge Wallace of Kerrville to fill the vacancy. Judge Wallace was County Judge of Kerr County for years, was at one time a law partner of the late R. H. Burney, and was strongly recommended as an able and competent lawyer. Friends of Judge Brucks regret very much his decision to resign from the bench. We are not informed as to his future plans but presume he will resume the law practice he had built up here previous to his going on the bench.

HERMAN BALZEN DIED.

Last Thursday morning just at sun rise Herman Balzen, a highly esteemed and widely known pioneer stockman and farmer of the Quibi community quietly passed out of time into eternity. Mr. Balzen had been in failing health for quite a long time, but was not confined to his bed until recently. During this long and trying season of ill health he was tenderly nursed and cared for by his devoted wife, children and kind neighbors, under the directions of skilled medical aid, but to no avail. So when the roll was called "up yonder" the weary wanderer responded at the rising of the sun, as said above, at the age of 78 years, 6 months and 2 days. May he rest in peace and forever enjoy the eternal glory and peace promised all who are faithful to the end.

From the brief biography of the deceased as read at his grave, the following interesting data was gathered: Herman Balzen was born of Christian parents in the Quibi community September 23, 1857. Shortly after his birth he received the sacrament of holy baptism and is due time attended the local school and at the age of 14 was confirmed in the Quibi Lutheran church, of which he became a lifelong and faithful member. As he grew up to manhood he became a farmer and stockraiser and followed this vocation as long as his physical health and strength permitted.

As a young man, Mr. Balzen was united in marriage December 22, 1877, with his now mourning widow, Anna Margaret, nee Oeflinger. The issue of this long and happy union were ten sons and four daughters. Of these the following sons survive him: Paul, William H. Anton and Alfred of San Antonio, Louis of Laredo, Otto of New Braunfels and Walter of Quibi, and the daughters: Misses Magdalena and Hulda Balzen and Mrs. William Lambert of San Antonio. He is also survived by 14 grandchildren and his brothers, H. H. and John Balzen of Sturm Hill, and his sisters, Mrs. Fritz Borchers of Quibi and Mrs. Fritz Eckhardt of Bandera.

The funeral services were held last Friday at 10 o'clock A. M., Rev. C. P. Hasskari of the Quibi Lutheran church officiating. Interment was made in the new Quibi cemetery. The attendance at the burial was very large in spite of a cold and raw wind storm. The many and beautiful floral offerings testified of the love and high esteem in which the old pioneer was held by his neighbors, friends and all who knew him. The service at the grave was greatly beautified by several appropriate selections by the Quibi church choir. The sincere sympathy of neighbors, friends and the Anvil Herald is extended to Mrs. Balzen and her family in this hour of deep sorrow.

TEXAS AND TEXANS.

By
Will H. Mayes
"All Texans for All Texas"

Industrial Publicity

That Texas needs more industries and better support of its established factories is evident to every one. There is great need for more workers in factories to consume the agricultural products of the State. Agricultural development must stop unless profitable markets can be found, and it is up to Texas itself to supply an increased market. Industrial development is lagging far behind agriculture. There should be a better balance between the two. "Progressive Texans, Incorporated," is an organization composed largely of manufacturers who have united to bring about better industrial development. It proposes to raise and spend a large sum to secure in Texas especially, and throughout the country, larger patronage of Texas-made goods. This worthy movement should have the unrestricted support of every Texan. "What Texas makes, makes Texas" is a summing up of the reason for this, but it is obvious that it is needless to manufacture unless the manufactured products can be sold. Every purchase of Texas-made goods helps to keep Texans employed, and every employed Texan is a consumer of the products of Texas farms. The proposed work of "Progressive Texans, Incorporated," therefore, has both a business and a patriotic appeal to every Texan interested in the welfare of the State.

Industrial Education

As stated by Charles B. Tipton, vice president of the industrial publicity organization, one of its purposes is to encourage young men to turn to industry in Texas as a life work and to direct attention to the schools to ways in which they may co-operate in building up and maintaining a sense of the present and future importance of Texas as a manufacturing State. We are turning out too many lawyers, newspaper men, professional workers and office men, and failing to prepare men and women for industrial leadership. In short, the State needs to become industrial-minded and the schools should help bring this about. Texas has over-emphasized professional and agricultural education and neglected industrial training. We must have trained industrial leadership if we are to compete with other States and countries in manufacturing.

Labor Department To Help

Robert B. Grage, the new State labor commissioner, has a vision of increased usefulness for his department, in carrying out provisions of a law that has been practically untouched in the past. The law provides that he shall collect reliable information from each county, showing the amount and condition of mechanical, mining and manufacturing interests therein, and all sites offering natural or acquired advantages for the location of manufacturing and producing plants within the State, together with such information as may tend to increase the employment of labor and the products of such employment in Texas. Another duty of this official, which he is anxious to perform, and will execute if provided with sufficient funds, is to impart such information as he may be able to get to interested parties in this and foreign countries as may induce them to engage in manufacturing in this State. He proposes to do all within his power to add new manufacturing capital to Texas and to encourage patronage of the factories we have. He should have legislative aid in carrying forward this work into which he expects to put his best energies.

Kind of Industries Needed

Responses to inquiries recently sent out by the Dallas News to its correspondents indicate that just now Texas feels most keenly the need of factories of a kind that will give a direct market for farm products, among these being creameries and milk processing plants, canneries for fruits and vegetables, cotton oil mills, poultry dressing plants, meat packing establishments, sweet potato curing plants, black-eyed pea processing plants, pecan shellers, feed mills, picking plants, syrup, flour, paper and lumber mills, soap factories, woolen and cotton mills, peanut mills, broom factories and other establishments using a wide variety of Texas-grown products. The News concludes that "development of Texas ranching and farming will be stimulated by proper extension of needful industrial enterprises."

Industries That Pay

Many industries that have no direct bearing upon agriculture have been made to pay well in this State and by no means all of them have required large capital at the beginning. A prominent Dallas capitalist started the manufacture of chewing-gum on a capital of \$2.50 and has retired from business a millionaire. Other industries have grown to immense proportions from small beginnings. In fact the safest industrial developments appear to have been from small investments carefully watched and enlarged as returns have justified larger capitalization.

Why Not Texas Flour?

A Fort Worth manufacturer recently stated that if all the people of that city would only demand Fort Worth flour, which is as good as any made anywhere, employment would be given to 175 more men than are now employed in the flour mills of that city. This shows that if you are interested in building up your city and State you should use home-manufactured products so far as possible.

Using Home Products

The Retail Merchants Association at Uvalde is backing a local movement to get Uvalde people to use Uvalde-made bread. The result has been that only two housewives have responded that they do not intend to use the home product. A further result has been that Uvalde-made bread has been reduced to 7 cents a loaf to meet outside competition from larger bakeries. Doubtless the bakers by increasing their output will make more money from the 7 cent loaf, and the buyers will certainly be saving money.

Profitable Truck Growing

Irrigated truck farming near San Antonio is proving highly profitable despite occasional crop disasters and low prices. One of the most experienced farmers gives the following average returns per acre from each crop: Sweet potatoes, \$300; Irish potatoes, \$350; tomatoes, \$350; carrots, \$300; lettuce, \$250; spinach, \$250; beans, \$350; peas, \$300; bell peppers, \$500; cauliflower, \$300; beets, \$250; okra, \$400; asparagus, \$300; eggplant, \$400; cabbage, \$200; turnips, \$300; radishes, \$300; parsley, \$300; cucumbers, \$300; green corn, \$150; cyranthemums, \$600; tuberose, \$300; tuberose bulbs, \$200; green onions, \$300. After the local markets are supplied the surplus is trucked to other cities of the State. Irrigated land, carefully tilled and preserved, is proving highly profitable everywhere in Texas.

Market Almost Unlimited

Where truck crops are sufficiently large to justify shipping on an extensive scale the market for Texas-grown truck is almost nation-wide. From Crystal City alone, this season's shipments of spinach have totaled about 3,500 car-loads, about 500 cars of other vegetables having been shipped, and most of it going to other States. Irrigated farming has built a city of 7,000 people at Crystal City within a few years and has resulted in a permanent prosperity for that section.

Sterling Wants Railroad Building

Gov. Sterling has urged the Interstate Commerce Commission to permit the early extension of the Texas and Pacific Railroad from Big Spring to Lubbock and other points in that section, a distance of about 300 miles. The Texas Railroad Commission has recommended it, saying "testimony is conclusive, showing an existing necessity authorizing the construction for the reason that it would penetrate, open and intensify develop a new, rich and virgin territory."

Another proposed line on which Texas will have to await the pleasure of the Washington body, is from Asherton to Eagle Pass, a distance of 80 miles. This road would serve the Eagle Pass irrigation district of some 55,000 acres, and has been granted a charter by the State of Texas. Why hold Texas back?

HERMAN BALZEN DIES.

From Devine News.
Miss Naomi Harris, who teaches at Castroville, is laid up with an infected foot, having to consult a specialist and be out of school at least this week.

FROM YANCEY.

On Thursday of last week the home of Mr. and Mrs. J. H. Null was saddened by the arrival of a little son, but their joy was turned into sadness early Saturday morning when the darling babe passed away. The little body was tenderly laid away Saturday afternoon, in the cemetery. Rev. Rogers spoke words of sympathy and consolation to the bereaved. The entire community attended the funeral, and all extended their sympathy to the bereaved family.

Mr. and Mrs. Ivey and son of Muldoon were here for the funeral of the infant of Mr. and Mrs. Null.

Mrs. Stella Stone and family of San Antonio were here Saturday. Mrs. Stone is a sister of Mr. Null.

Mr. and Mrs. Marvin Berry were visitors at Brackettville last week. Mr. Tom Duncan made a business trip to San Antonio Wednesday.

Mr. and Mrs. Joe Burgin were in San Antonio Friday, where Mrs. Burgin's sister, Mrs. Will Hoak, of El Paso, is a patient at the Medical Arts hospital.

Miss Florence Weathers of Pearland and Mr. Milton Burgin were in Hondo last Saturday.

Mr. John Martin of Hondo was here Saturday visiting friends. Mrs. Walter McClaugherty visited her parents, Mr. and Mrs. J. C. Newman, last Monday.

Jack Burgin and Ray Warley left last week for Henderson, where they hope to find employment in the oil fields.

Mr. Jim Weekley and family enjoyed a visit from his parents and brother, Earle, and wife of Smiley last week-end.

Little Ruth Fasel, daughter of Mr. John G. Fasel, has been absent from school for some time on account of sickness.

Mr. Armstrong of Hondo was here on business Monday.

Last summer Pete Huegele's old sow brought him 13 pigs, an unlucky number, you say. Well, they lived. Pete butchered three of them for home eating, and sent ten of them, weighing around 150 pounds each, to market yesterday. The local butcher said they would weigh 150 pounds each and were worth about \$1.00 per hundred; or a little more than \$100 for the litter, with his own meat and the old sow ready to multiply again. Bad luck, did you say?

OLDEST FORD DRIVER

J. M. Crow, 89, of Ethel, Miss., the oldest Ford driver in Mississippi, traversed the historic old Natchez Trace in a covered wagon eighty-seven years ago.

As rugged today at 89 as the age in American history he so picturesquely typifies, J. M. Crow of Ethel, Miss., is the oldest Ford driver in Mississippi and one of the oldest in the United States.

When as a babe of two years he rode with his parents in one of a train of 30 covered wagons out of Cobb county, Georgia, into Mississippi, the old Natchez Trace followed by the brave little band was still infested by the swashbuckling ruffians whose bloody outrages gave that era its place in this country's history as "the outlaw years."

One of his vivid memories is hearing, as a boy of six, the news of General Scott's victorious assault on the heights of Chapultepec which ended the Mexican War in 1847, and his proudest memory is of honorable service as a Confederate soldier during the Civil War. When the southern cause collapsed, Crow was compelled to trudge 400 miles on foot to the old homestead at Ethel where he settled down to rear a family.

In the intervening years he has seen the lumbering stagecoach give way to the fleet automobile and the comfortable motorbus, the soggy gumbo and rough corduroy roads of his childhood to the wide, paved roads of today, and although he was long past middle age before the modern automobile became commonplace he is as enthusiastic a driver as youngsters who can boast less than one-quarter of his years.

Five generations of Crow's family are frequently seen together in his Model A Ford, the second of its type Crow has owned and driven.

Beck attended church service in Hondo last Sunday.

LOTTA SQUAWKS.

Speaking of history, very few of the big jobs in the country are held by men who can tell you offhand just how many men were killed at the Battle of Bunker Hill.

Things are certainly badly organized in this country when California has no ashes to shake down yet is itself shaken by earthquakes.

Operations are not intended for the public eye, but so few evening gowns seem to know that.

Some people do an awful lot of talking just to prove they have nothing to say.

Nature Our Best Teacher

Even in Winter the rain and the snow are stored in the soil to make our crops grow; It's the wisdom of nature, who keeps things in store, prepares for the future so we may have more. Since nature so wisely shows by her plan that storing will add to the comfort of man, it looks like man this lesson would heed, And store for himself the things he may need. The HONOLU STATE BANK has looked all around, But no better teacher than nature has found.

The new Ford is an economical car to own and drive

Low first cost, low cost of operation and up-keep, and low yearly depreciation mean a distinct saving to every purchaser

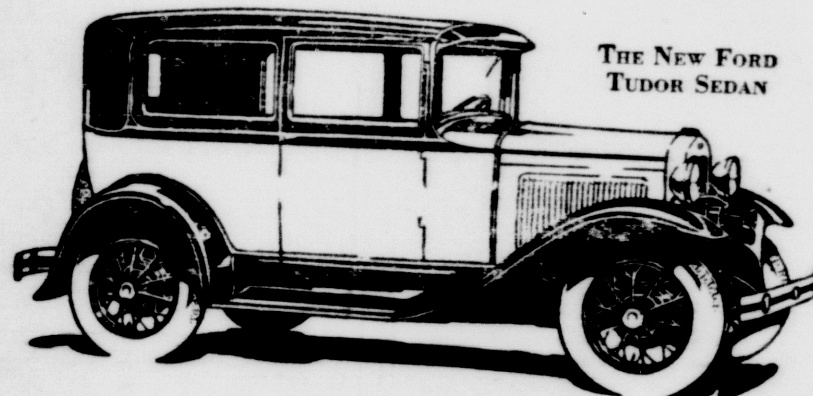

THE NEW FORD is a splendid car to own and drive because of its attractive lines and colors, safety, comfort, speed, reliability and long life.

There are, in addition, three other features of importance to every far-seeing automobile owner... low first cost, low cost of operation and up-keep, and low yearly depreciation.

During the life of the car, the day-by-day economy of owning a Ford will amount to considerably more than the saving on the first cost. You save when you buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of design, high quality of materials and care in manufacturing and assembling. Many vital parts are made to limits of one one-thousandth of an inch. Some to three ten-thousandths of an inch. Throughout, the new Ford is an outstanding example of fine craftsmanship in automobile engineering.

The more you see of the new Ford—the more you talk to Ford owners and experienced mechanics—the more certain you become of this fact... It brings you everything you want or need in a motor car at an unusually low price.

LOW PRICES OF FORD CARS

Last week Miss Naomi Harris became ill and was in bed a few days, but this week is back teaching school again.

The sad news spread over Castroville of the death of Mrs. Henry App (nee Karm). Mrs. App died March 26, 1931 at her home. Funeral was Friday afternoon at 3 P. M. from the Lutheran church, of which she was a member. She will always be remembered as a kind neighbor. She is survived by her husband, Mr. Henry App, and one son and two daughters.

DEATH CLAIMS MRS. HENRY APP OF CASTROVILLE.

After a long and painful siege of illness Mrs. Henry App quietly fell asleep in her home on the Riomedina road near Castroville. Her death occurred about noon last Thursday, and while expected for some time, it was a very severe blow and great loss to her devoted husband, children and other relatives and friends. Her burial took place last Friday afternoon. The funeral service was conducted by Rev. C. P. Hasskard of the Quilhi Lutheran church. After a brief service at the App home the funeral cortege went to the Castroville Lutheran church where a requiem service was held, and thence to the new Castroville cemetery where interment was made. The Castroville choir rendered several very appropriate selections during the service and added comfort and beauty to the sad, solemn occasion. The attendance was large and the floral offerings, especially of home-raised and home-made bouquets and wreaths, were many and beautiful and related in their mute manner the love and high esteem in which this devoted wife, mother and friend was held by those who knew her best.

From the short sketch of her life as read at her funeral service the following interesting data was noted: Mrs. Henry App, nee Lizzie Karm, was born at Castroville, November 26, 1879, and shortly after her birth was baptized into the Christian faith, in which she passed out of time into eternity. As a young woman she was united in wedlock November 26, 1901, at Castroville with her now mourning husband, Henry App, and became the mother of three children, one son and two daughters, who all survive her. She spent her life and strength in devotion to her family and home duties and at all times enjoyed the love and respect of her friends and neighbors. She attained the age of 51 years, 4 months and 8 days. Besides her husband and three children there survive her a brother, John Karm of Castroville, and a number of other relatives and friends. May she rest in peace and her memory abide with her dear ones and all who knew her. The heartfelt sympathy of neighbors and friends go to Mr. App and family in their deep sorrow and affliction at this dispensation of God's providence.

ducted by Rev. C. P. Hasskard of the Quilhi Lutheran church. After a brief service at the App home the funeral cortege went to the Castroville Lutheran church where a requiem service was held, and thence to the new Castroville cemetery where interment was made. The Castroville choir rendered several very appropriate selections during the service and added comfort and beauty to the sad, solemn occasion. The attendance was large and the floral offerings, especially of home-raised and home-made bouquets and wreaths, were many and beautiful and related in their mute manner the love and high esteem in which this devoted wife, mother and friend was held by those who knew her best.

From the short sketch of her life as read at her funeral service the following interesting data was noted: Mrs. Henry App, nee Lizzie Karm, was born at Castroville, November 26, 1879, and shortly after her birth was baptized into the Christian faith, in which she passed out of time into eternity. As a young woman she was united in wedlock November 26, 1901, at Castroville with her now mourning husband, Henry App, and became the mother of three children, one son and two daughters, who all survive her. She spent her life and strength in devotion to her family and home duties and at all times enjoyed the love and respect of her friends and neighbors. She attained the age of 51 years, 4 months and 8 days. Besides her husband and three children there survive her a brother, John Karm of Castroville, and a number of other relatives and friends. May she rest in peace and her memory abide with her dear ones and all who knew her. The heartfelt sympathy of neighbors and friends go to Mr. App and family in their deep sorrow and affliction at this dispensation of God's providence.

No Joke

After all, the Englishman must have his sense of humor, or is the following, which appeared in the By-stander of London pathetic rather than humorous?

The Man (having surrendered his seat): "I beg your pardon?"
The Girl: "I didn't speak."
The Man: "Sorry, I'm sure. I thought you said 'Thank you.'"

From the very beginning I felt relief and the pains in my legs are entirely gone and I can now sleep in peace. Thousands of other letters like this have been received. If others have suffered and found relief—Why not you?"

Lose Fat Safely and Quickly

Kruschen Salts—(a perfect combination of the six mineral salts your body should have to function properly) purify your blood of harmful acids, and aid the kidneys and bowels to throw off waste material—the continued formation of which is probably the cause of your fat. In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning before breakfast in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energy. You'll soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 85c bottle (lasts 4 weeks) at Windrow's Drug Store, or any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, quickest, easiest way to lose fat.

A Hartford woman writes, "I'll tell the world Kruschen Salts is wonderful stuff to reduce." An Ohio woman lost 10 pounds with one bottle.

COLONIAL COVERINGS.

Follow Ed Wynn, the Perfect Fool, in "Follow the Leader," the Colonial Theatre attraction for Sunday and Monday, in which the great comedian is at his rib-tickling best, supported by two well-known and widely loved screen juveniles, Ginger Rogers and Stanley Smith. Wynn, the timid chef in a restaurant hang-out for the czars of the underworld, unwittingly becomes a hero, is projected to leadership of the most dangerous gang in New York. "Follow the Leader" is hilarious farce comedy all the way through, the merriment enhanced by the Wynn personality, the Wynn floppy hat and the Wynn "lucky shoes." He's cuckoo and contagious!

"Inspiration" which will open Thursday night at the Colonial Theatre, stars Greta Garbo. Robert Montgomery has the leading male role and an imposing supporting cast includes Lewis Stone, Marjorie Rambeau, John Miljan, Joan Marsh and other well-known actors. It seems that in her latest vehicle Miss Garbo returns to the exotic type of role which made her famous in silent films. She is seen as an artist's model who becomes the toast of Paris as a result of her amorous fascination. Surfeited with the admiration of wealthy admirers, she falls in love with a young, provincial student who is already engaged to be married. The desperate strategies by which the impassioned model attempts to win over the young student, together with a subsequent unexpected turn of events, make up the plot. Inasmuch as the story is laid in modern times, Miss Garbo will again be seen in luxurious present-day fashions. The picture incidentally is conceded to be staged with unusual splendor, the scenes ranging from a dazzling bohemian studio champagne party to sequences in a number of colorful cafes and garden restaurants. Don't miss seeing the glamorous Garbo in "Inspiration!"

This Great Healing Oil Best For Pimples and Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well.

As the steamer was moving out of the harbor at Athens a well-dressed lady approached the captain and pointed to the distant hills.

"Could you tell me what is that white stuff over there?" she asked.

"That is snow," replied the captain. "Well, I thought so myself," agreed the lady, "but a gentleman just now informed me that it was Greece."

Colonial Types Are Always Favorites

THE NAKOMIS—DESIGN A530

Colonial homes are always popular and by the same token are always, because of their unbroken rectangular walls, most economical to build. No other type of house is more so. This fact is doubtless in a large degree responsible for the wide favor they have won, although there is something about their center halls that appeals to many above any other interior arrangement. The complete isolation of dining room and kitchen from the living room is no small influence in this.

This house is Colonial in every feature save the addition of the porch but when comfort in summer is considered this little departure is really no objection. Then it becomes a valuable adjunct to the delightfully large living room, which is one of the most appealing features of this design.

Build with solid walls of common brick, this house will cost so little more than frame construction that

the difference can be more than wiped out by the expense of two paintings of the frame house and the saving in fuel costs the first two winters. The long time economy of the house of brick is one of its big advantages over other types of construction. Another advantage is the complete peace of mind ownership of the firesafe brick home insures.

The simple plainness of the Colonial house always has distinct appeal to many prospective home owners. They have an attractive

ness peculiarly their own and no other type finds a readier market, particularly if they are brick. It is almost invariably a fact that the average man would prefer a brick house.

This one is especially interesting in its interior arrangement. The large living room first catches one's eye. Then the housewife will find appeal in the big kitchen. The dining room gives way to a cozy dining alcove, sufficiently large for a small family. On the upper floor are three comfortable sleeping rooms and a bath, all especially well lighted. Throughout it is very complete and desirable.

The Common Brick Manufacturers' Association, Cleveland, Ohio, can furnish complete drawings for this design. Listed

on brick construction sent upon request.
